

Minutes of Meeting
24th August 2017 @ The Bricklayer's Arms

The meeting was open to all residents to review and give final approval of the plans to add parking spaces for submission to Tonbridge & Malling Borough Council for Planning Approval.

Apologies were received from Rupert and Tina who could not attend on behalf of the committee.

The meeting was attended by those who had concerns on how the changes would affect them.

All queries were answered and the plans were unanimously approved by all who attended the meeting.

There were several concerns voiced about Yellow Lining to control parking and it was pointed out that as yellow lining is not subject to planning approval. It was explained that enforcement of parking controls could not be started until more parking bays have been added. Therefore, these were not included on the large scale plan for submission, and that a further meeting will be held to discuss and approve the plan for yellow lines.

We are to ask First Port a quote to supply a power supply socket and water in a lockable cabinet on both the parks.

It was decided that Officers who have missed 4 consecutive monthly meetings without prior notice, risk being replaced.

The monthly meeting will be held on the 4th Wednesday of the month in future.
