

Leybourne Park Residents' Association

Notes of July 2021 Meeting

Apologies: Charlie, Jenny

Attending: Ray, Christine, Marie & Jo

Quotation from G.I.

Box Hedging, action deferred till next financial year.

Abery Bin area on Abery due to be installed September

Removal (*not replacing) fencing on the boundary with SIMS and Polypipe agreed and due to commence this Autumn. This suggestion from the R.A. (Rupert) has saved residents over £10,000.

Anti-Social behaviour, FirstPort and Hyde Housing have requested regular patrols by the PCSO. The RA had also asked how FirstPort intended to enforce the rules on the parks regarding ball games, due to complaints from residents that they were unable to use the Ingram Park and that parents could not take their kids to the infants play area. The answer from FirstPort was to also for residents to contact the PCSO. The Chair had been verbally abused several times when requesting the kids to tone their behaviour down.

Harry, from our younger committee has requested a bug hotel and vegetable patch which was agreed. We are now sourcing the bug hotel, and trying to locate a suitable area for a raised vegetable patch.

No further business.
