

Leybourne Park Residents Association Committee

Notes of Meeting 7.30 pm on 18th March 2021

1 Apologies: Liz, Rupert, Christine, Charlie, Jo

As there were only 3 committee members present, we did not have a quorum.

2 Financial Situation: The grant for the 5-a-side has been received from KCC of £2000, making the bank balance £3,457.64. Ray has now written to Georgia for permission to install them, and she is looking into the lease to see if this would be allowed. If not we will have to look an alternative.

3 Impact on householders/purchasers of delay from E&M and First Port in providing Sales Packs, Ray will follow this up with FirstPort.

4 Easter Egg Hunt. As this is not an RA event, and the organisers informed Ray that no extra funding was required.

5 Opening up/clearance of Amenity Space at bottom of New Hythe Lane – this is apparently owned by the industrial estate and we will continue to establish contact with them to see what can be done.

6 Problems with refuse collection: A continuing problem as it seem the bin men are having problems with the older bins. Ray is in contact with Trudy and Beverley Horn (TMBC) to try to resolve this problem. So far no answer from TMBC when the sheds will be cleared.

7 Golding Homes Representation on LPRA: The good news is that Lara has stepped forward and will rejoin the Committee. She has already started making contact with the site managers with a view to improving standards.

No other business was proposed and the meeting closed at 8 p.m.
